○学習目標

In "Intermediate English" we use a variety of resources in order to improve listening, writing and speaking. Students will be able to take part in pair and group work, engage in discussions about a range of topics, and also regularly prepare and perform speeches. We have a very relaxed and free atmosphere in our class and students are encouraged to ask questions about grammar points and vocabulary they do not understand so that we can discuss them as a class.

○講座の内容

In this class we use a variety of content ranging from news articles to YouTube videos. I also try to include fun activities and games where possible. Grammar points and new vocabulary often come up in our reading/activities and so we discuss these as they come up.

○教材

No text book.

Each week I prepare presentations on the topic of that week. These presentations also sometimes include music, videos etc. I also prepare worksheets for the students to practice their written English/to facilitate discussion.
